

## "Doctor's Daughter"

SAYS: "Very few people appear to appreciate or understand the various symptoms caused by diseases of the organs of digestion. Almost always these symptoms are thought to indicate diseases of the heart, lungs, kidneys and other organs of the body, for the simple reason, that when the organs of digestion become diseased, the other organs of the body often become affected sympathetically, causing many erroneous conclusions as to the origin and nature of the disease."

The stomach and organs of digestion are to the other organs of the human body, what the roots are to the tree or plant, they supply the blood which keeps the body or plant alive. When the stomach and organs of digestion are diseased, the blood is not the same all the time as you may think, but is constantly changing, and its quality and quantity will always depend upon the food we eat and digest.

When our blood is rich and pure it will prevent disease and heal all injuries. Young children having vigorous stomachs and good blood making powers, their blood is rich and rapidly heals and restores their bodies after disease or injuries. Indigestion often causes the skin and complexion to become rusty and dingy, sallow, faded and spotted, owing to the retention of various impurities in the blood, which ought to be cast off and discharged from the system by the action of the liver and digestive canal. No pathological fact is better established than that neuralgia, rheumatism and gout in their various forms and phases, are produced by the accumulation of uric acid in the blood and that they are the result of imperfect

digestion of our food."

A noted physician has said: "In nearly all cases of fatal chronic diseases of the heart, lungs, brain, kidneys, rheumatism, sciatica, etc., when the mucous membrane lining the stomach and intestinal canal is carefully examined, numerous traces of diseases will be discovered. Sometimes it will be congested, red and inflamed, and in many cases of long standing disease, thickened and ulcerated, thus proving conclusively that fatal complications or diseases of other organs were originally caused by chronic inflammation, congestion, thickening or ulceration of the mucous membrane lining the intestinal canal."

"For the relief and cure of indigestion, dyspepsia and allied troubles Stomach-Rite is the best medicine and has fully demonstrated its true worth in thousands of cases as the grateful users have testified. My father, Dr. John Wilbur, believed you should take as little medicine as possible but when you did need medicine to take only the best. If you would be healthy, eat good nourishing food and be able to properly digest it. Stomach-Rite assists the stomach and digestive organs, helps nature to do the work and brings a new life to the intestinal tract and cleanses the system of all impurities. If you are healthy and your liver is active what health you enjoy—no indigestion—no constipation—a bright clear complexion, active brain, a good appetite and able to enjoy your food, truly life is then worth living—Stomach-Rite has done these things for many New England people, won't you let it do the same for you?"

Very truly yours,

## GOV. HASKELL IS INDICTED

Again Held on Town Lot Fraud Charges

DECLARES HIS INNOCENCE

Says That the Indictments Were Forced by the Government Attorneys and an Army of Secret Service Men.

Tulsa, Okla., May 29.—Great excitement exists here and throughout the state over the indictment Thursday of Governor Charles N. Haskell and others on the charge of conspiracy to defraud the government in the scheduling of town lots in Muskogee eight years ago. It had been the general opinion all along that the investigation would come to naught, and therefore it was a big surprise when the special federal grand jury Thursday night returned the indictments against Gov. Haskell and F. R. Severs, W. R. Eaton, A. Z. English, W. T. Hutchings and C. B. Turner, prominent business men of Muskogee.

Gov. Haskell gave bonds before United States Commissioner Hyams yesterday. It is understood that a motion to quash the indictments will be made in the federal court.

Jesse Hill, the only other man under investigation and who was indicted at Muskogee in January, was not indicted. Bond was fixed at \$5,000 each. Gov. Haskell is the only one of those under investigation in the city, but he was not in the court room when the grand jury reported. His attorneys were present.

Gov. Haskell Thursday night gave out the following statement: "As a result of four government attorneys and an army of secret service men surrounding the grand jury and limiting the testimony to just what suited them, indictments have been secured against me. I am thoroughly satisfied that when the whole facts are made known in the open government at Washington will not approve of these cases, which practically all the people of this locality know have no merit and that there had been no violation of the law in any particular."

"The later disclosures in this case will speak for themselves and show plainly the origin and intent connected with them. The only embarrassment to me in the trial of this case is that many witnesses must be brought from great distances and much other expense which unfortunately I have not the means to bear, but my numerous friends in Oklahoma, including many Republicans, have generously shared the expense up to date, a kindness that I have since really appreciated and only regret the expense of future proceedings on that account."

Gov. Haskell was indicted for similar frauds, growing out of the Muskogee lot transactions, in February. The charges made then were that he had conspired to secure the title to a large number of valuable lots at one-half their appraised value through the means of "dummy" titles.

Only a week ago, when these new indictments were imminent, Gov. Haskell took occasion to make some sensational charges against United States Attorney William J. Gregg and the other attorneys engaged in the Muskogee land fraud prosecution. He filed a petition at Washington alleging that his personal and professional reputation was being unfairly and improperly attacked.

Gov. Haskell has been a storm center in the lively political atmosphere of the West for some time. His career has been a varied one. After getting a legal education in Ohio and dabbling in rail road building, he struck out for himself, where he promoted various successful enterprises. He then struck out for the great Southwest, where he roved about for some time, finally landing in Muskogee in what was then the territory of Oklahoma. In all the gay doings of that section he took an active part, growing up with the town and territory, where he promoted various enterprises upon the strength of the wonderful state constitution which he drafted. There was very little that the constitution did not provide for in the way of regulating oil and things generally.

In the late presidential campaign Gov. Haskell went up like a rocket, shining

## WANTS HER LETTER PUBLISHED

For Benefit of Women who Suffer from Female Ills

Minneapolis, Minn.—"I was a great sufferer from female troubles which caused a weakness and broken down condition of the system. I read so much of what Lydia E. Pinkham's Vegetable Compound had done for other suffering women I felt sure it would help me, and I must say it did help me wonderfully. My pains all left me, I grew stronger, and within three months I was a perfectly well woman."

"I want this letter made public to show the benefit women may derive from Lydia E. Pinkham's Vegetable Compound."—Mrs. JOHN G. MOHRAN, 2115 Second St., North, Minneapolis, Minn.

Thousands of unsolicited and genuine testimonials like the above prove the efficiency of Lydia E. Pinkham's Vegetable Compound, which is made exclusively from roots and herbs.

Women who suffer from these distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

If you want special advice write to Mrs. Pinkham at 123 North Main, Lowell, Mass. She will treat your letter strictly confidential. For 20 years she has been helping sick women in this way, free of charge. Don't hesitate—write at once.

### AUTOIST FOUND GUILTY.

Convicted of Manslaughter for Killing Boy With Automobile.

New York, May 29.—William E. Darrah, the chauffeur who ran down and killed Ingrida Trimble, the 11-year-old son of a well known Kentucky lawyer in an uptown street on March 27 last was last night found guilty of manslaughter in the first degree. The chauffeur was remanded to the Tombs for one week to await sentence. The maximum penalty for the crime is 30 years. Darrah, who is 21 years old has been on trial here for several days. His killing of the Trimble boy attracted wide attention because, after his machine had knocked down the boy and crushed him, he put on extra speed and fled, leaving his victim to die in the street. He lost his derby hat during his flight and by means of this his identity was established.

He was traced to Texas where his arrest occurred.

Darrah's conviction is the first under the new or amended section of the murder law.

### ROBBERIES IDENTIFIED.

They and a Woman School Teacher Will Get \$15,000 Reward.

Omaha, Neb., May 29.—Fred Torkelson and W. D. Woods were last night identified by Engineer Mikeljohn and Fireman Prawl as the men who crawled over the tender of their locomotive last Saturday night and forced their way into the Union Pacific Overland limited at the Omaha City limits and robbed the mail car.

Several school children also identified all the prisoners as men they had seen in the vicinity of Brown Park school Sunday and Monday.

Three small school boys Thursday brought about the arrest of the last men believed to be robbers who last Saturday held up the Overland limited train on the Union Pacific railroad at the city limits of Omaha and a woman school teacher yesterday discovered the footed mail coaches seized at that robbery. These three boys and their teacher probably will get \$15,000 reward offered by the Union Pacific railroad if the prisoners prove to be the men wanted.

Paras Exams. For Annapolis.

St. Albans, May 29.—It is announced that Alfred Hyde Donahue of Georgia, who was nominated by Congressman D. J. Foster for appointment as midshipman at the U. S. Naval academy at Annapolis, has successfully passed the entrance mental examination. He will report at the naval academy for the physical examination about the middle of June and if he is found physically qualified he will be sworn in as a midshipman.

## SCORE BRITISH PATENT LAW

Scientists in London Call it Harmful

INVENTORS' WORK SECRET

They Declare—British Chief Justice a Severe Critic—Made an Address Before the Chemists' Meeting.

London, May 29.—Lord Chief Justice Alverstone delivered an address yesterday before that section of the international chemistry congress that is dealing with legislation affecting chemical industry. He spoke strongly against the revoking clause of Chancellor of the Exchequer Lloyd-George's new patent law, saying he considered it a backward step that would result in people keeping their inventions secret. The scientists present were unanimously hostile to the British patent law, and a resolution was unanimously adopted that committees of the various countries adhering to international convention agree in favor of a general understanding providing that manufacture in one country belonging to the union protects the patentee against the revocation of his patent in other countries of the patent union.

## FRANCE'S FEDERATION OF LABOR DONE FOR

Its Prestige Gone Since The Collapse of Strike.

Paris, May 29.—The prestige of the General Federation of Labor is gone since the collapse of the general strike. M. Neill, the secretary, has resigned, and the more powerful unions have withdrawn with the intention of forming a new confederation that shall be without the revolutionary characteristics of the old one.

The general association of Postmen has repudiated its connection with the workmen's organizations.

### MONTREAL HARBOR IMPROVEMENT

Structure Capitalized at \$2,500,000 Is Planned.

Montreal, May 29.—The Montreal harbor commission Thursday gave out the details of the plans for a floating dry dock to be built here. The capital, \$2,500,000, has been raised in Great Britain. The dominion government is to expend \$1,500,000 in the creation of a suitable site and to lease the same for a term of years to the company at a nominal rental. The dock will accommodate vessels of 25,000 tons. The whole work of construction is to be completed within two years. The new floating crane which is expected to be at work in Montreal with the next few days has met with many vicissitudes in its trip across the Atlantic. Last summer the crane left the works of Messrs.

The Modern Moving Picture Co., will play a return engagement at the opera house Monday, May 31. New pictures and Johnny Mack, the boy baritone, in new pictured melodies with the same little prices, 10 and 20 cents. Don't miss this exhibition, two hours show.

## For Twenty-Six Years

Mrs. Lamaster, of Kentucky, Suffered with Internal Catarrh and was Finally Relieved by Peruna.

"I suffered for twenty-six years with bladder and kidney trouble, and being advised to give Peruna a trial, I did so, and am thankful to say that eight bottles of Peruna and three bottles of Manalin entirely cured me of that trouble, and I am as well as ever."—Mrs. W. W. Lamaster, 2115 McAttee Ave., Louisville, Ky.

Catarrh Causes Kidney Disease. Catarrh is a frequent cause of kidney disease. The pelvis of the kidneys, as well as the tubules, is lined with mucous membrane, and is therefore subject to catarrhal congestion. Sometimes the catarrh is so slight as to cause no attention. Other times it leads up to very serious conditions.

Any remedy capable of mitigating the catarrh is a much more rational treatment than to give palliatives that only relieve the patient of one or more disagreeable symptoms.

It is claimed for Peruna that it is an internal systemic catarrh remedy, and reaches the catarrh in whatever organ it happens to be located.

"I was cured of a severe attack of inflammation of the bowels by taking Peruna. I am glad to recommend Peruna to any one."—Mrs. J. J. Cross, 563 Water St., San Antonio, Texas.

Vickers' Sons & Maxim, Barrow-in-Furness, England, for Montreal, in tow of the tug Oceana. The waves were unkind to the Oceana, and she had to make the nearest port, leaving the crane to the sport of the waves. After several days' wandering the crane was picked up by a couple of steam trawlers, taken to Stormway, and later back to Barrow. Here the machinery received an overhauling, and the trawlers presented a little bill of about \$26,000. Some weeks ago the crane started out again, this time towed by the Rodgeres, and is now at St. John's, between Quebec and Montreal. The crane has a length of 100 feet, with a lift above water of 100 feet. Its capacity at 31 feet radius is 75 tons.

### EAST BARRE.

The Modern Moving Picture Co., will play a return engagement at the opera house Monday, May 31. New pictures and Johnny Mack, the boy baritone, in new pictured melodies with the same little prices, 10 and 20 cents. Don't miss this exhibition, two hours show.

## No Man is Stronger Than His Stomach

A strong man is strong all over. No man can be strong who is suffering from weak stomach with its consequent indigestion, or from some other disease of the stomach and its associated organs, which impairs digestion and nutrition. For when the stomach is weak or diseased there is a loss of the nutrition contained in food, which is the source of all physical strength. When a man "doesn't feel just right," when he doesn't sleep well, has an uncomfortable feeling in the stomach, or from some other cause, he is losing the nutrition needed to make strength.

Such a man should use Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition. It enriches the blood, invigorates the liver, strengthens the kidneys, nourishes the nerves, and GIVES HEALTH AND STRENGTH TO THE WHOLE BODY.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic medicine of proven composition, not even though the urgent dealer may thereby make a little bigger profit. Ingredients printed on wrapper.

## Dr. Pierce's Health Talks

The miracle of motherhood is often overshadowed by the misery of motherhood. The great functional changes which are incident to child bearing leave their mark for life on many a mother. Some women offer up their lives as a sacrifice on the altar of motherhood. A far greater number live on in ceaseless misery. Their strength fails, their beauty fades, they have no ambition and no enjoyment in life. To every woman
